

'Hi Tech' Quiz Show

So much more than simply questions and answers!

We have designed our Quiz with variety and fun in mind, and with the large selection of rounds which we offer; we can guarantee that there is something for everyone! The rounds include TV Adverts (identify which product the clip of music was used to advertise).

A Night at the Movies (you may know the film, but do you know who wrote the soundtrack?!), Who Wants to be a Millionaire? (adapted so that the whole team can play), Music from various different eras (which we can pick to match the age range of your clients group), Sport (including a picture board round) and many, many more.

“Who said that?”
(Famous Quotes Round)

Each dining table makes up a team, and with our hostess scoring each round immediately after it has been done, the scores are posted on the screen regularly.

The quiz has full audio visual support, using a cinema-style 8' x 6' screen, state of the art projector, a full PA system and sound effects. Please note that we require approximately 1½ hours to set up our equipment.
