

This is an ideal way to entertain your guests during your evening meal. The scene is set during pre-dinner drinks and continues throughout the evening meal in with action taking place in between courses, with all of the actors seated at the tables amongst the guests. Each table makes up a team of Detectives, the members of which must be attentive if they want to establish the identity of the Murderer or Murderers?

The “visiting” Inspector controls the overall evening with the Master of Ceremonies, (MC), liaising between the Murder Mystery event and the venue management and catering staff.

The winning team will be decided depending on the accuracy of their analysis of the plot and overall scenario. A bottle of champagne is awarded to the winning team.

The price below includes 6 actors, MC, scripts and overall event co-ordination. The actors will also need to be provided with dinner/meals and a small amount of drinks, as well as a room to change in as close to the private dining room as possible.

**Murder Mystery Evening: £1050 + actors meals + Vat**

The cost includes a site visit, liaison with the selected venue and overall event management.
