

# Race Night

This exciting event really gets the adrenalin going! Betting with funny money (which can be designed to include the company logo if desired), see if you are a 'top tipster', or if, by the end of the evening, you have lost your shirt!

On our 8' x 6' screen, with complete AV support, watch the horse's parade in the paddock and then place your bets at the tote on your favourite(s). You will even have the chance to own your own racehorse and collect the winnings should it come home for you. We can work out who is the 'top tipster' of the night and a prize can be provided (at additional cost) should you desire one.

## **Race Night: £695 + VAT to include:**

- An MC to host the event
- Race films back projected onto the screen which has flats and drapes for the larger groups with plasma screens if required to enable all "Punters" to see the races more clearly.
- Funny money to bet with
- A tote facility and a hostess to run the tote
- Race cards.
